From log to final product

01

Log

Logs are purchased from sawmills in Gifu and Hokkaido.

02

Milling

Large milling machines are used to mill the logs to maximize the advantages of each log.

03

Drying

Boards are stacked and air dried for several years to yield furniture grade material.

07

Select lumber

Select suitable lumber with the customer from wide range of stock.

08

Cutting wood

Review cutting layout with the customer.

09

Production

Nationally certified furniture craftsmen produce the furniture according to the customer specifications.

Wood Species

We carefully select lumber based on our experience and have more than 1000 pieces in stock. Our network of reliable sawmills enables us to find the special boards that meet our customers' needs.

Black Walnut

Yamazakura
(山桜)

American
Cherry

Oak

Beech

Maple
(板屋楓)

04

Storage

Over 1000 lumber are stored at our warehouse.

05

Consultation

Furniture design is proposed reflecting customer's desire and needs.

06

Design/Drawing

Final design and drawings are drafted after customer's approval.

10

Finishing

A wide variety of finishing options are available to choose from.

11

Completion (Delivery)

We pride ourselves as furniture craftsmen. We keep open communication with our customers at every step, from raw material to finished furniture.

12

Customer Care

Unlimited maintenance is available to our customers for long-term use of our products.

Customer Care

A community based furniture store

We strive to be our customers' favored furniture store known for adapting to customers' changing lifestyles. We deliver top quality products and provide superior customer service for enjoyment of our products for years to come.

We give shape to your dreams

At ACROGE FURNITURE we make use of solid wood materials to create simple and warm furniture that fits in with everyday life. ACROGE stands for "ACROSS GENERATIONS" reflecting our aim to make furniture that will be passed down for many years to come. Our small workshop delivers custom-made furniture that conveys the beauty of wood.
